Program Management

David Mason & Associates has enjoyed a long-term relationship with HMS Host (formerly Host Marriot), the Food and Beverage provider at Lambert-St. Louis International Airport. Among the many projects David Mason & Associates has completed for HMS Host include:

- Concourse C-D New Food Court facility
- Starbucks – Main Terminal Interior Design
- Remodeling of the Gourmet Bean Coffee Shop
- Host Human Resources offices
- Project troubleshooting and renovation on 20 projects
- Planning and coordination with new airport construction projects and studies

DMA's constant research with Host continually provides Host with environmentally sensitive building materials that are current with latest trends while still meeting the stringent fire code requirements which occur at the Airport.
