

Cordish Ballpark Village Survey

Ballpark Village Holding Company, LLC

Location
St. Louis, Missouri

Design Completion Date
2007

Construction Cost
\$387 million

DMA Services Provided
Surveying Services

Ballpark Village is a \$650 million mixed-use retail/entertainment and residential district being developed in partnership by the St. Louis Cardinals and The Cordish Company. Ballpark Village will cover six city blocks that will directly connect to the New Busch Stadium which opened in the spring of 2006. Ballpark Village will feature approximately 450,000 square feet of retail/entertainment, 1,200 residential units, 300,000 square feet of office and 2,000 parking spaces. Located in the heart of downtown St. Louis, Ballpark Village will redefine the Gateway to the West.

David Mason & Associates provided surveying services related to the design of Ballpark Village.
