

Lemay Access Road

Pinnacle Entertainment, Inc.

Location

Lemay, Missouri

Construction Completion

2009

Construction Cost

\$20 million

DMA Services Provided

Civil Engineering
Surveying Services

David Mason & Associates provided planning, surveying, civil and structural services. These services were required to develop construction of right-of-way plans for a four lane arterial from Interstate 55 east onto the Old National lead site. This area has been environmentally cleaned up to provide a site for the new \$400 million River City Casino.

The Lemay Access Road is a four-lane road that runs parallel to River Des Peres from I-55 to the River City Casino. Extra lanes are included at Lemay Ferry and Broadway, and the span includes three bridges at Weber Road, Kaiser Creek, and the UP Railroad.

The new Lemay Access Road provides access to community facilities, parking lots and garages, an amphitheater, an aquatic center, St. Louis County Park facilities, and the Casino, which will include gaming, restaurants, entertainment, movie theater, and a hotel.
